Nature of Complaint:

Caller states that the property owners are up in arms because of the installation of the UNS Transmission lines in this area. He states that most of these consumers are located from Calle Tiburon to Josefina and extends approximated 4 miles. He states had UNS installed the lines on the other side of the road there would be no problem. Right now the company has installed and plans to run the power line 5 feet from his swimming pool. He states that the company has placed their lines in a location that is making 11,000 square feet of land unusable. He also called to give the ACC a heads up that he will be filing a petition signed by the property owners of this area opposed to the lines being placed at this location.
